REQUEST FOR CORRECTED FILING RECEIPT

Sir/Madam:

Applicants respectfully request that a corrected filing receipt be issued in the above-identified patent application. Specifically, the name of the inventor, Gaëlle Rey has been transposed.

Applicants file a Request for Corrected filing receipt on August 2, 2004 requesting that the Patent Office correct Mrs. Rey's name to indicate that her given name is "Gaëlle" and her family name is "Rey".

In response to the Request for Corrected Filing Receipt on August 2, 2004 Applicants received a Response to Request for Corrected Filing Receipt indicating that "Only one character per space is allowed...". Applicants are not objecting the inability of the Patent Office to insert the umlaut (ë) in Gaëlle, but to the fact that her name is transposed.

Applicants respectfully request a corrected filing receipt identifying the inventors as

Pierre Marty, Seyssins (FR)  
Gaëlle Rey, Grenoble (FR)  
Pascal Chauvet, Grenoble (FR)

as indicated in red on the marked-up copy of the Filing Receipt attached hereto.

**LICENSE FOR FOREIGN FILING UNDER  
Title 35, United States Code, Section 184  
Title 37, Code of Federal Regulations, 5.11 & 5.15**

**GRANTED**

The applicant has been granted a license under 35 U.S.C. 184, if the phrase "IF REQUIRED, FOREIGN FILING LICENSE GRANTED" followed by a date appears on this form. Such licenses are issued in all applications where the conditions for issuance of a license have been met, regardless of whether or not a license may be required as set forth in 37 CFR 5.15. The scope and limitations of this license are set forth in 37 CFR 5.15(a) unless an earlier license has been issued under 37 CFR 5.15(b). The license is subject to revocation upon written notification. The date indicated is the effective date of the license, unless an earlier license of similar scope has been granted under 37 CFR 5.13 or 5.14.

This license is to be retained by the licensee and may be used at any time on or after the effective date thereof unless it is revoked. This license is automatically transferred to any related applications(s) filed under 37 CFR 1.53(d). This license is not retroactive.

The grant of a license does not in any way lessen the responsibility of a licensee for the security of the subject matter as imposed by any Government contract or the provisions of existing laws relating to espionage and the national security or the export of technical data. Licensees should apprise themselves of current regulations especially with respect to certain countries, of other agencies, particularly the Office of Defense Trade Controls, Department of State (with respect to Arms, Munitions and Implements of War (22 CFR 121-128)); the Office of Export Administration, Department of Commerce (15 CFR 370.10 (j)); the Office of Foreign Assets Control, Department of Treasury (31 CFR Parts 500+) and the Department of Energy.

**NOT GRANTED**

No license under 35 U.S.C. 184 has been granted at this time, if the phrase "IF REQUIRED, FOREIGN FILING LICENSE GRANTED" DOES NOT appear on this form. Applicant may still petition for a license under 37 CFR 5.12, if a license is desired before the expiration of 6 months from the filing date of the application. If 6 months has lapsed from the filing date of this application and the licensee has not received any indication of a secrecy order under 35 U.S.C. 181, the licensee may foreign file the application pursuant to 37 CFR 5.15(b).

## RESPONSE TO REQUEST FOR CORRECTED FILING RECEIPT

## Software Limitations

In response to your request for a corrected Filing Receipt, the Office is unable to comply with your request because of the software limitations as specified below:

- The title may be truncated if it consists of more than 500 characters (letters and spaces combined).
- Superscript and subscript are not possible. These characters will appear on the same line.
- The inventor information may be truncated if the family name consists of more than 50 characters (letters and spaces combined) and if the given name consists of more than 50 characters (letters and spaces combined).
- The inventor's residence allows for up to 40 characters (letters and spaces combined).
- The inventor's country of residence is taken from a preset listing of countries. This preset listing does not contain the country name that you have requested.
- The docket number allows a maximum of 25 characters.
- Foreign priority will appear on the Filing Receipt in the following order: **Country, Application number, Filing date.**
- The person signing on behalf of the deceased inventor is reflected on the Filing Receipt as the legal representative.
